PETITION UNDER 37 CFR 1.182

Sir:

The above-referenced patent application was filed with an unsigned Declaration (37 CFR 1.63) and Power of Attorney form and without a sequence listing in computer readable format. Transmitted on March 16, 2007 were fully executed Declaration (37 CFR 1.63) and Power of Attorney forms for the subject application and a Submission of Sequence Listing and Statement.

On or about February 26, 2007, it was determined that our law firm, Saliwanchik, Lloyd & Saliwanchik (SLS), had not received a Notification of Missing Requirements in this case. From a review of PAIR on or about February 26, 2007 and previous times thereto, it was noted that the Notification of Missing Requirements was not contained within the Image File Wrapper. Furthermore, the Transaction History and Image File Wrapper of this application were reviewed on June 18, 2008 (printed copies attached), and it is noted that the Transaction History and Image File Wrapper of this application **still do not contain** an indication that a Notification of Missing Requirements pertaining to this case was mailed from the Patent Office or posted to the Image File Wrapper of this application on, or around, September 13, 2006 (although a Notification of Defective

Response is found in both the Transaction History and Image File Wrapper (dated April 16, 2007), said defective response having been mailed subsequent to the receipt of a faxed copy of the Notification of Missing Requirements as discussed below).

As indicated in Applicants' Transmittal Letter filed March 16, 2007, Ms. Michelle Vandernoot called the USPTO's PCT Operations National Stage Division to inquire as to the status of the subject application wherein Ms. Francine Young indicated that a Notification of Missing Requirements had been prepared but never mailed. Subsequent telephonic conferences with personnel at the Patent Office resulted in the receipt of a facsimile sent by Mike Neas on March 13, 2007 transmitting the Notification of Missing Requirements dated September 13, 2006. A copy of the Facsimile Cover Sheet and attached Notification are attached hereto.

Applicants respectfully submit that a Notification of Missing Requirements for the above-referenced application was not received by the Applicants during the month of September 2007. Attached is a Declaration of Dr. Frank C. Eisenschenk pertaining to a review of all incoming mail records, that these records have been checked and that no Notification of Missing Requirements regarding the subject application was received in September 2007.

Applicants hereby respectfully petition that the executed Declaration and Power of Attorney forms submitted to the Patent Office with the Transmittal Letter dated March 16, 2007 by Mr. Glenn P. Ladwig be considered timely, and a Petition fee should not be charged (or should be refunded if it is charged). In addition, a Request for Refund of \$1,590 for the four-month extension of time charged to Deposit Account No. 19-0065 by the Patent Office on April 13, 2007 for the extension of time late filing of the executed Declaration and Power of Attorney forms is also attached hereto.

To the extent that a Petition fee is necessary, the fee of \$400 set forth in 37 CFR 1.17(f) should be charged to Deposit Account No. 19-0065. The Commissioner is hereby authorized to charge any additional fees that may be required to Deposit Account No. 19-0065.

Respectfully submitted,

Frank C. Eisenschenk, Ph.D.

DECLARATION OF FACTS BY FRANK C. EISENSCHENK, PH.D.

IN SUPPORT OF PETITION UNDER 37 CFR §1.182

Sir:

FRANK CHRISTOPHER EISENSCHENK, Ph.D., Applicants' representative in the above-referenced patent application, hereby declares:

THAT, I am a shareholder in the law firm of Saliwanchik, Lloyd & Saliwanchik (SLS);

THAT, I have been with SLS for more than nine (9) years, and I am very familiar with the firm's procedures for receiving mail and docketing items received in the mail;

THAT, the attorneys of SLS are the attorneys of record on the subject application; and

Being thus duly qualified, do further declare as follows:

THAT, each piece of incoming mail from the U.S. Patent and Trademark Office (USPTO) received by SLS is recorded by our docketing department, and entered into our computerized docket system typically within three (3) days of its receipt;

THAT, a report of all of the incoming correspondence received by SLS from February 28, 2006 (the date the subject application entered the national phase) through March 13, 2007, including incoming correspondence specifically docketed for this application, has been reviewed and does not

indicate receipt of any correspondence relating to this application from the USPTO in September, 2006;

THAT, the report of incoming correspondence for this application (a copy of which is attached hereto) does not indicate receipt of any correspondence relating to this application from the USPTO in September, 2006. The first communication that we received from the USPTO was the facsimile dated March 13, 2007 providing the Notification of Missing Requirements (see attached report for incoming mail related to the subject application).

Being thus duly qualified, do further declare as follows:

Prior to March 13, 2007, a Notification of Missing Requirements for U.S. Patent Application Serial No. 10/570,123 was not received by SLS.

THAT, I have reviewed our case folder for U.S. Serial No.10/570,123, where the Notification of Missing Requirements would be filed and kept after docketing, and I have not found the Notification of Missing Requirements dated September 13, 2006.

THAT, based on the facts set forth above, I conclude that, prior to March 13, 2007, SLS did not receive a Notification of Missing Requirements for U.S. Patent Application No. 10/570,123.

I hereby further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

REQUEST FOR REFUND

Sir:

Applicants respectfully request a refund in the above-referenced patent application for the following reason:

On March 16, 2007, a Transmittal Letter in response to the Notification of Missing Requirements was filed by the Applicants' undersigned representative. Specifically, executed Declaration and Power of Attorney forms by the inventors and a Submission of Sequence Listing and Statement were submitted along with an authorization to charge the fee for payment of the late declaration or oath surcharge.

As indicated in the Transmittal Letter, the Notification of Missing Requirements dated September 13, 2006 was not received in this matter. In addition, Ms. Francine Young confirmed that the Notification of Missing Requirements was prepared but never mailed. Further, the Notification of Missing Requirements was not available, and still is not available, on the Patent Office's PAIR

system. Only after Patent Office personnel (Mike Neas and Paulette Kidwell) were contacted did Applicants receive a copy of the Notification.

On April 13, 2007, the undersigned's Deposit Account 19-0065 was charged \$1,590 for an extension for response within four months (Control No. 22) (a copy of the Monthly Statement of Deposit Account is attached). Although Applicants authorized the Commissioner to charge any additional fees that may be required, Applicants respectfully assert that the four-month extension of time late fee of \$1,590 should not have been charged as the initial Notification of Missing Requirements dated September 13, 2006 was not received by Applicants' undersigned representative; therefore, the March 16, 2007 Transmittal Letter (with attachments as noted above) should have been considered as timely and should not have been subject to the \$1,590 four-month extension of time fee.

In addition, a Declaration of Facts, which support Applicants' assertion of the above is attached together with a Petition Under 37 CFR § 1.182. Accordingly, Applicants respectfully request that a refund in the amount of \$1,590 be credited to Applicants' undersigned representative's Deposit Account No. 19-0065.

Respectfully submitted,
